## WATER DISTRICT PATRONS ASKED TO LIMIT USE

The Bethel Water District has this week requested its subscribers to avoid unnecessary use of water.

Due to the severe storm damage to the main transmission lines, the supply of water to the town is drastically reduced. Please limit use of water to a minimum to avoid complete curtailment. It is not the quality of the water but the quantity that is the problem.

## COMMENTS FROM THE OFFICE OF THE TOWN MANAGER

There was some damage to the roads as a result of last weekend's storm. By Monday night the Highway Dept. had them passable although much more work had to be done. The crew worked through the week end. They were assisted by a very efficient local Civil Defense unit who contributed their time and resources in a most helpful manner. We would like to thank John Greenleaf and his staff for the many hours they spent providing information and relaying messages for the various departments.

The sewage plant received its first test without being completed. Much more water went through than it was designed for. We find there is more ground water entering the old pipes than we anticipated. This will be curtailed to some degree when we have the lines repaired. Elwyn N. Dickey

## THE MORNING AFTER

Above is shown the level of water at the Alder River bridge last Sunday morning at about 8 o'clock. Reportedly at one time during the previous night portions of Route 26 at the location were under about a foot of water. The Androscoggin River rose at a swift pace all day Saturday, reaching the level of the highway at about dusk that evening.

By Saturday night and early Sunday morning the continuing rain flooded Main Street from Philbrook Street to the railroad tracks as the contents of the culvert carrying the

flow of Sanding Brook was exceeded.

Flooding conditions were reported in all customary locations including Chapman Brook in Northwest Bethel; Pleasant River on the West Bethel Flat Road and Route 2 near the Gilead line.

Many fields under cultivation in the Bethel area were inundated. During the height of the flooding, despite precautions, legs from the Davis mill yard on Route 26 floated onto the highway. It is believed that there was no appreciable loss of timber because of this.

## S. A. D. 44 BOARD NAMES NEW TELSTAR ASST. PRINCIPAL AT MONDAY MEETING

The board of directors of S. A. D. 44 on Monday evening of this week named Howard A. Walen of Belfast as assistant principal at Telstar Regional High School to succeed Dr. H. William Yeo. Dr. Yeo is to assume duties as principal of Greeley High School, Cumberland Center.

For the past three years, Mr. Walen has been principal of Crosby Junior High School (grades 8 and 9) in Belfast. A native of Massachusetts, he holds an A. B. degree from Bates College in 1959, and a M. Ed. in Educational Administration from Northeastern University, Boston, Mass., in 1966. He taught grades 7 and 8, math and music, Wakefield (Mass.) Junior High School for 11 years, before the Belfast post.

Mr. Walen is married with four children. Earlier in the meeting, held at Telstar Regional High School, during the citizens' portion, Mrs. Norma Salway of the community group, expressed concern over the possibility of one-half day schools, during the first semester of the upcoming school year, of first grades at the Bethel Junior School. Supt. Paul P. Kinney, with the concurrence of Edward Flynn, Bethel elementary school principal, said that a meeting would be held on July 11.

## GEM AND MINERAL FESTIVAL AT GOULD FIELD HOUSE THIS WEEK END

The twelfth annual Western Maine Gem and Mineral Festival, sponsored by the Oxford County Mineral and Gem Association will be held Friday through Sunday at the Gould Academy Field House in Bethel. Featured at the Oxford County Club's 1973 Exposition will be exceptional specimens of gem tourmaline, selected from material obtained during the well-publicized tourmaline strike on Plumbago Mountain in Newry, which attracted national attention last fall. This special exhibit is being provided through the courtesy of Plumbago Mining Co., owners of the mineral rights at the Newry locality.

Show chairman Sarah Spencer reports arrangements have been completed with Plumbago Corp. to allow the first public field trips into the area which has been closed since the mining company began operations last October. These trips will depart from the show site in Bethel.

## "PUNCH AND JUDY & FRIENDS" TO BE FEATURE OF MOLLYKETT DAY, JULY 21

One of the more exciting events for children of all ages scheduled this year on Mollykett Day will be "Punch and Judy & Friends", a modern revival of an old English show.

Recreated by the talented trio of Will Stackman, Marcia Wanda, and John Weebly, this version is based on dialogue more than 400 years old. All of the original characters have been retained. First Punch, the cruel and boastful lunchbox; Judy, his nagging wife; their doomed baby Joey; the clown, the devil, the ghost, and, finally, the hangman, come to end Punch's wicked life. This comic puppet master piece will appear in Bethel directly from a long engagement at the Orson Welles Theatre in Cambridge. The puppets in themselves are works of art. Fashioned by John Weebly and clothed by Marcia Wanda, each manages to project his character with scarcely a wobble. Originally the trio had hoped to use hand carved wooden figures but, finding none available, Weebly sculptured the entire cast in celluloid. This material has the advantage, especially in a show of this type, of being practically unbreakable. With Punch wielding his club with great alacrity this is a necessity.

There will be several presentations of this children's musical opera during the course of the day. Make it a point to include this delightful bit of theatre in your schedule of activities. Times of showings will be announced.

"STRAWBERRY FESTIVAL PREPARATIONS" — Mrs. Rebecca Commett and Mrs. Sue Landers are viewing the strawberries, which of course are the center of attention of the Strawberry Festival. Mrs. Carolyn Brooks is examining a "Bethel book" while Mrs. Sandra Cullen is looking at a burlesque-covered desktop. The "Bethel" books and desktops are only two of the many items, some of which are pictured, that the ladies have been busy working on to have on sale at the Festival Fair on Wednesday, July 11, at 5 p. m. (see article Page Four)

In fact it rained so hard the windshield wiper wouldn't carry it so they turned out side the road for a little while.

Maria Clements, Esther and Olive Davis attended the 25th reception (wedding) held for Mr. and Mrs. Robert Deegan Saturday night.

Mr. and Mrs. Ellis Davis attended "open house" held at the Advertiser Democrat printing establishment. It was most interesting to see how they have grown in business and the newer methods inculcated to make a more efficient and quicker job also a much better product rolled off the presses with less hard labor. The filming of the news strips for corrections, the head lining, the advertising, picture processing with the small jobs of invitations, flyers, etc., were most interesting.

The folks who work in Ekco at Lake Mills are having a vacation week.

The heavy rains have filled the ponds to a flooded condition in some areas around here.

A supper party was organized in honor of the approaching marriage of Bruce Thurlow and Cathy Cushman and held at the Country Way restaurant Saturday evening. The following were in attendance: Bruce Thurlow, Cathy Cushman, Mr. and Mrs. Leslie Thurlow, Mr. and Mrs. Robert Crockett, Mr. and Mrs. Frank Maloux, Mr. and Mrs. Alfred and Mr. and Mrs. Craig Ryerson, Mr. and Mrs. Emory Ryerson, Jr., Mr. and Mrs. Morgan, Mr. and Mrs. Harold Wilbur, Jr., Gilman Tuell, Joyce Scott, Joyce Blow, Jean Sewell, Virginia Perkins, Mr. and Mrs. Ed Salzman and daughter, Debra, Mr. and Mrs. Maurice Morgan and they went to Adventist campmeeting at Freeport for the week.

Those attending were Mr. and Mrs. Arthur Andrews, Gail and Ted, Mr. and Mrs. Paul Hinkley, John B. Lott, Mr. and Mrs. Dick and Mrs. Daphne, Mr. and Mrs. Gary Foster, Mr. and Mrs. Gary Foster and Lillian Harmon. Mrs. Harmon stayed with her sister, Mrs. Ed Davis for a few days.

## GREENWOOD CITY

**Mrs. Collista Morgan, Corres.** — Another July fourth this week marks the ninety seventh year since a small boy shouted, "Ring! Ring! Grandpa ring! oh, ring for liberty."

In "Fourth of July Celebrations" Betty Stoffel tells us this way.

Let there be prayers as well as great parades.

Let hymns combine with patriotic songs.

Let there be leaders of the future days.

With heroes of the past amid the throngs.

Let reverent silence punctuate the noise.

Let God be praised for this great land of ours.

Let sober meditation balance joys and grave humility mark crucial hours.

Let statesmanship grow from this nation's need.

Let citizenship be equal to these days.

That godly men who gave their lives indeed.

Be not betrayed by dull, indifferent ways.

Let joyfulness, not wildness, mark the free.

That God may find us worth our liberty!

Mr. and Mrs. Robert Holt, Windsor, were here on Sunday and attended the funeral of their aunt, Nettie Chase. Others attending from here were Mr. and Mrs. Roland Hayes, Elmer Hayes, Mr. and Mrs. Leonas Holt, Ann and David Holt, Mr. and Mrs. Clyde Morgan, Mr. and Mrs. Milton Inman.

Ruth Hastings was a recent caller at Collista Morgan's.

Ann Holt was in Wiscasset on Saturday and returned home Sunday morning.

Mr. and Mrs. Ardell Hayes, Auburn, were supper guests at the Hayes home on Sunday.

Mr. and Mrs. Tommy Bragg Jr., West Peru, visited her mother, Mrs. Eva Felton on Sunday.

**A Tribute**  
A wave of sadness swept through our homes in Greenwood on Friday morning, June 29, when the news was passed along to us that Nettie Chase had been called to her eternal rest. She had not been well for some time but when able she came here to visit her much loved niece, Fay Holt and family.

Lelia Anjanette Chase was born in Greenwood June 21, 1896, the daughter of Newell and May Cummings Swan.

On September 15, 1920 she married Maynard Chase and for many years lived in West Paris. She was a faithful and conscientious worker and for 34 years had boarders.

proof that cooking is an accomplishment. She saw her work not as a chore but as a privilege. Of her other accomplishments we could speak much but more important was her graciousness, cheery smile and unselfish ways.

Truly our lives have been richer and happier because we knew her. She leaves her husband and one daughter, Rena Bacon, the youngest of the family of eight, also many nieces and nephews. To them we extend affectionate sympathy.

These lines of Edwin Markham's could well have been written for Nettie Chase.

They who can let the spirit shine and keep the heart a lighter shrine.

Their feet will tread with laughter bold.

The green roads of the Never Old They who can put the self aside.

With Love and Service daily ride. Their eyes will see the gates unfold.

## WHAT IS A MINI-MALL?

This is a question being asked around Bethel these days. The best answer to that is, "Come in and see!"

The building for many years called the Central Bowling Alleys and most recently housing the Children's Dance Theater has been purchased by Mr. and Mrs. Charles Farrar.

"Charlie's Place" operated by Charles Farrar will be a take-out restaurant featuring pizzas, Italian sandwiches, and ice cream cones.

The Mini-Mall is behind this establishment and consists of three eight by ten rooms, all newly decorated and ready for rental. Beyond this is a double garage which could develop into a flea market and area for "throwing pots" by local craftsmen. At present the Mini-Mall houses Henri's Boutique owned by Henrietta Juhl and a collection of art work by local artist Susan Wright is on display in the corridor. It is hoped that people with special talents and a desire to go into business, either for the season or year round will investigate the possibilities.

There is a Rent-A-Bike service in operation with brand new Raleigh bikes. Also future plans for two large store fronts to be made available.

The Children's Dance Theater will continue to operate with better than ever facilities since there is now room for a workshop to build theater sets and space to hold new and old costumes for the "Teen Ballet" Company which made its debut last season performing the "Carnival of the Animals" in various school systems in the area as an educational program. Plans are being made to do the "Nutcracker Suite" during the Christmas season this year.

## LOCKE MILLS LEGION EDGES RICHMOND 27 IN LAST INNING

Randy Olson came out of a five-game hitless slump with a trio of hits for Locke Mills American Legion Juniors Wednesday, the third one being a single up the middle to bring in the winning run in the last of the ninth for an 8-7 Locke Mills victory over Richmond in the Zone League. Olson, who singled and doubled earlier, spanked the tie-breaking hit with one out in the final inning after the visitors struck from three runs behind for a 7-7 deadlock in the top of the ninth.

Locke Mills had led as much as 5-0 in the earlier rounds and still had 73 going into the eighth when starter Bill Murphy began to weaken as his holding slipped. Dan Jack was the furthest of record at the finish.

Wayne Cummings came up with three singles in the Locke Mills offense, which netted nine blows in all. The visitors made ten, four of them coming from their short stop, Seaborn, in the number three spot in the batting order.

For the season, Locke Mills has come 33 and in the Zone the Oxford County club is 32 with no management at Waters. He came up Friday. The Wednesday box:

**Jose Ship and Head?**

The medieval mariner who lost a ship through carelessness or ignorance had to give financial satisfaction or lose his head. When a shift in the wind gave a weather-bound shipmaster an opportunity to sail, he had to assemble his crew and ask, "Gentlemen, what think ye of this wind?" If they thought it an ill wind the ship did not sail.

**EVERGREEN VALLEY HOSTING BICYCLE CHAMPIONSHIPS**

Sunday, July 8

Evergreen Valley is hosting the first Maine State Bicycle Championship under the auspices of the Amateur Bicycle League of America to be held in Lovell and Stoneham on Sunday, July 8. The race is scheduled to start at the Evergreen Valley Access Road and continue south on route 5 to the Kezar Lake Country Club. Then it bears left onto 5A north to Center Lovell, back to route 5 north to the Slab City turn, through Slab City to East Stoneham, south on route 5 back to Evergreen Valley.

The route is a 25 mile circuit and cyclists will be making 1, 2, and 4 laps of the circuit depending on whether they are in the senior event, 100 miles; the junior and veteran event, 50 miles; or the intermediate and women's event, 25 miles. The race is scheduled to begin at 8:30 Sunday morning. There will be many excellent vantage points to view the race and it is guaranteed to be a fast finish. Racers will be traveling behind a marked vehicle but cyclists must appreciate any consideration motor vehicles would give.

The nonfood commodities index increased 0.4% in May after seasonal adjustment, the same as in April and less than the 0.5% increase in March. The services index rose 0.4% in May, compared with 0.3% in each of the two preceding months.

The index for food purchased in grocery stores rose 0.9%, instead of declining as it usually does in May. With the exception of meats and eggs, most food items showed price increases in May. Prices rose sharply for cereal and bakery products, most dairy products, fish and coffee.

Prices were also higher for fresh vegetables—particularly potatoes, onions, cabbage, and celery. Egg prices decreased, but by much less than they usually do in May. Meat prices also decreased slightly following large increases in each of the four preceding months. The decline, however, was smaller than usual for May.

The change in the food-at-home index is based on a comparison of prices collected in the first week of May with those collected in the first week of April. Ceilings were placed on meat prices in late March. The index for food away from home—restaurant meals and snacks—increased 1.4%, the largest one-month rise since the index was first published in January 1963.

The index for commodities less food rose 0.6%, a larger than seasonal increase for May. Higher prices for apparel, used cars and gasoline accounted for most of the rise in the nonfood commodities index. The increase in apparel prices was mostly seasonal. Gasoline prices rose sharply for the second consecutive month.

Prices also rose for fuel oil, home maintenance and repair commodities, furniture, houses, tobacco products and newspapers. New car prices held steady, instead of declining slightly as they usually do in May.

The services index increased 0.4%. Charges for household services rose 0.4% primarily as a result of increase in rent, mortgage interest costs, home maintenance services and housekeeping services.

Among medical care services, fees for physicians and other professional services such as eye examinations and laboratory tests were higher. The increase in charges for hospital services was smaller than in recent months.

Charges for other services such as drycleaning and laundering, personal care and recreational services continued to show large increases.

Approximately 321,000 individual prices were collected directly by the Bureau of Labor Statistics in May for use in the index. Approximately 60% of these quotations represent monthly comparisons. Sixty-nine percent of these monthly comparisons were unchanged, 11% decreased and 20% increased from April to May.

Compared with April, the proportion of prices increasing in May

was smaller for food and nonfood commodities; the proportion of prices increasing for services was larger. The proportion of prices decreasing was the largest in months.

The May index also includes price comparisons to May 1967 periods prior to April 1968, which cover the quarterly change from February to May 1968. Of these increased—slightly more than in the January to April period.

In addition, about 400 series were surveyed in May 1967. Of these reported increases from November 1972, more than proportion reporting increases in the six month period ending May 1973.

**WEEK IN OXFORD CO.**

Nearly 60% of the giant Western Maine Forest Nursery in the Fryburg area was under water Saturday night.

The County Senior Citizens gathering is scheduled for July 21 at the Fryburg Fairgrounds.

State Senator David P. Aldrich, D-Norway, was nominated by Gov. Kenneth M. Curtis, Wednesday as a District Court judge at large. Mr. Aldrich, a lawyer, is serving his first term in the Maine State Senate, and said he would resign his Senate seat immediately. He would succeed Judge George D. Barney of Ellist who retired July 1. The appointment is subject to confirmation by the all-Republican Executive Council.

**DEPT. OF LABOR STATISTICS SHOW C. P. I. UP 0.6% IN MAY**

The Consumer Price Index rose 0.6% in May, according to the U. S. Department of Labor's Bureau of Labor Statistics.

Higher prices for food, apparel, used cars, gasoline, and household services accounted for about three-fourths of the rise in the CPI. The May index was 131.5 (1967=100), 5.5% above a year ago.

After seasonal adjustment, the May increase was also 0.6%. In the six months ending in May, the CPI rose at a seasonally adjusted annual rate of 7.2%. In the last three months of this period, the index rose at an 8.7% annual rate.

The May food index, which includes prices of food purchased in grocery stores and in restaurants, showed a monthly increase of 1.1% on a seasonally adjusted basis, following increases of 1.4% in
